You don't often get email from johnandrosavich@gmail.com. [Learn why this is important](#)

Dear ZBA members,

I'm writing to be on the record for my opposition to the shingle place hill apartment complex. As an Essex MA resident I am a frequent visitor to the hiking trails by the 128 onramp. I am also a commuter to Boston and drive past these points twice on a daily basis. On my way home, these sites offer reprieve and a reminder to why I choose to live up North despite its inconvenience. Essex/Manchester is a unique gem and needs to be protected from over development.

With utmost concern for our community and environment,

John Androsavich
