Subject: I oppose shingle hill

Good evening

I am unable to attend the final meeting. I live at 1 Stanley Avenue in Manchester

As a someone who grew up and also raised a family in Manchester, it has been the ocean and the woods which have made it special.

I would ask you to oppose this project due to the wetlands exemptions that the applicant is asking for.

I can't believe that after all the blasting and earth removal, that there would be no effect on the town's wetlands.

Please vote no

Best Regards

Tom Conlon
